

T: 20mm

A case of Replacement of missing teeth (36,37) with Implant prosthesis.  
Pre-Operative.

Implant placement done at prosthetically driven position.(36/37)

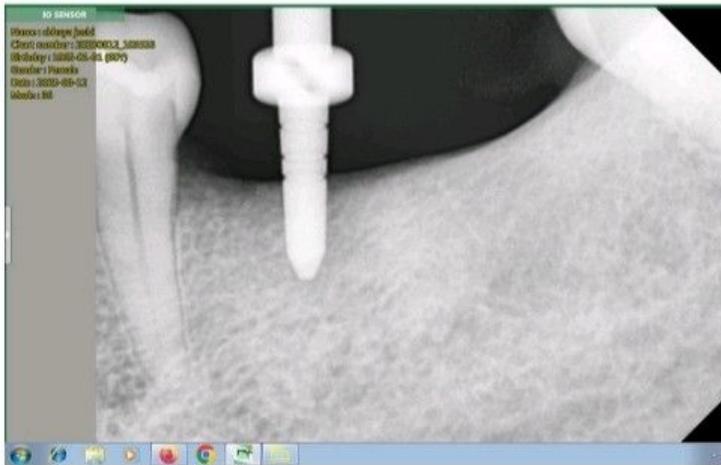

Healing Abutment with closure.

Tissue topography with 36/37

Implant with zirconia prosthesis (36/37) Clinically

pre operative x ray (36/37)

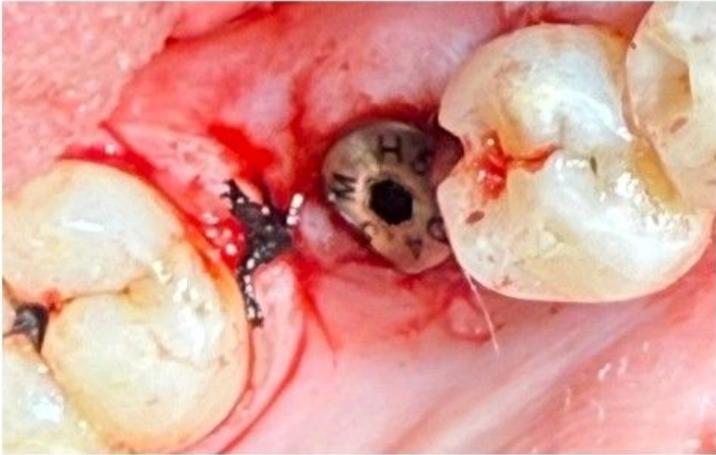

post operative implant with zirconia prosthesis (36/37)

Pre operative (46)

Implant placement (46)

Healing abutment with closure

Tissue topography with 46

Implant placement with zirconia prosthesis (46) Clinically

pre operative (46)

post operative implant placement  
with zirconia prosthesis (46)

Occlusion (Right side)

Occlusion (left side)
